CLASS SCHEDULE CHANGES

Students will not be able to change class schedules after the first week of the semester. All student requests for a change of schedule will be denied for the remainder of the semester. Where extenuating circumstances exist, each case will be reviewed on an individual basis. The request must be made to the counselor, who will work with the principal to make the decision.

CLASS RANK/HONOR GRADUATES

To be recognized as an honor graduate, students must have a 90.0 or higher numerical average for all core classes (English, Math, Science, Social Studies, and Foreign Language) in 9th – 12th grade.

VALEDICTORIAN AND SALUTATORIAN

The honor of valedictorian shall be given to the senior student making the highest numerical average. The honor of salutatorian shall be given to the senior student making the next highest numerical average.

To be eligible for valedictorian or salutatorian honors, a student shall have been continuously enrolled in the District high school for four consecutive semesters preceding graduation. To qualify to give the valedictorian or salutatorian speech, a student shall not have engaged in a serious violation of the Student Code of Conduct, including removal to DAEP or expulsion during his or her last two (2) semesters.

Should a tie develop for valedictorian, co-valedictorians shall be declared, and no salutatorian shall be recognized. Should a tie develop for salutatorian, all those tying shall be recognized.

CLASS RANK

High School rank for students seeking automatic admission to a general teaching institution on the basis of their class rank is determined and reported as follows: ² Class rank shall be based on the end of the eleventh grade, middle of the twelfth grade, or at high school graduation, whichever is most recent at the application deadline. The top ten percent of a high school class shall not contain more than ten percent of the total class size. The student's rank shall be reported by the applicant's high school or school district as a specific number out of a specific number total class size. The Texas school or school district from which the student graduated or is expected to graduate shall determine class rank. A student who completes the high school program requirement in fewer than four years shall be ranked in the class with which he/she actually graduates.

For two school years following their graduation, district graduates who ranked in the top ten percent and, in some cases, the top 25% of their graduating class are eligible for admission into four-year public universities and colleges in Texas. Students and parents should contact the counselor for further information about how to apply and the deadline for application.

STUDENTS WHO FAIL EXIT-LEVEL TESTING

Students in grades 9 – 11 are required to pass the following EOC exams before graduation:

1. English I (Reading and Writing)
2. English II (Reading and Writing)
3. Algebra
4. Biology
5. U.S. History

Students who fail any of these tests are required to re-take the test(s) during the three scheduled retest opportunities each year. Under House Bill 4545, all students who failed an EOC or STAAR test will be required to complete 30 hours of tutoring in each test subject failed as an effort to remediate these students.

Grade 11 Students Not Meeting EOC Score Requirements

Upon completion of the 11th grade, if a student has still not passed one or more parts of the EOC exams, the district may require the following:

1. The parent/guardian and student shall attend a conference with the principal and counselor stipulating the courses and tutorials that are available to the student. The parent/guardian and student will be required to sign a commitment letter stating that the student has failed to meet state testing requirements and outlining the necessary remediation.
2. The student must enroll in a corresponding content-area college preparatory course during the ensuing school year and attend at least 90% of the days the course is offered.
3. The student must enroll in a summer accelerated intervention program and attend at least 90 percent of the days the course is offered.
4. The student shall be required to retake each applicable EOC exam every time it is administered. The only acceptable reason to miss an applicable testing administration is a death in the immediate family or severe illness of the student. Death in the immediate family must be verified by a written statement from the parent or guardian delivered during a personal conference with the principal. Severe illness of the student must be verified by a written statement from a physician or other acceptable licensed practitioner delivered by the parent or guardian during a personal conference with the principal. In either case, the parent or guardian shall be notified in writing whether the principal has excused the absence.

A student who has satisfactorily completed all coursework requirements for graduation; has been continuously enrolled in the District high school since his or her freshman year; and has completed all of the requirements listed above shall be allowed to participate in commencement activities and ceremonies. The student shall be seated with his or her classmates, and there shall be no indication of whether or not a student is graduating from high school or merely participating in the ceremony.

DRESS CODE

The District's dress code is established to teach grooming and hygiene, instills discipline, prevent disruption, avoid safety hazards, and teach respect for authority.

It is an established fact that a school is judged to some degree by the appearance of its students; therefore, dress is very important. A school where students dress in poor taste is automatically considered poor by many visitors and observers. Modesty and the avoidance of distracting influences is the key to appropriate student dress. It is the duty of every student and staff member to uphold the fine reputation of Farmersville High School. The administration, assisted by the faculty, shall be responsible for interpreting and enforcing student dress regulations. The principal reserves the right to take disciplinary action if these policies are violated.

Violators will be sent home to change or placed in ISS for the remainder of the day. On the first offense for items such as earrings, nose rings, tongue rings, any body piercing item, hats, caps, bandanas, and sun glasses the item will be confiscated by school personnel and given back at the end of the school day. The second offense will result in the parent or guardian having to stop by the school office in order to retrieve the items. Students that continue to violate the dress code will be disciplined in accordance with the student code of conduct.

The second offense will result in the parent or guardian having to stop by the school office in order to retrieve the items. Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

DUAL CREDIT COURSES

In partnership with Collin College, Farmersville ISD offers free Dual Credit courses to Farmersville High School students.
